

The Powder Horn

Summer 2024

Bryson Hotchkiss, General Manager

Dear Members,

It is hard to believe we are over half way through the season already. This week we are finally getting a little break from the 90's and hope this weather continues for the rest of the summer in to the fall. We have had a jam packed schedule of golf and non-golf events around the club this summer as always. I hope all of you have had a chance to partake in some of them so far this season. With that being said, the events are still not over! Please check your club calendar for all of the upcoming events.

The newly re-surfaced tennis courts are great, so if you haven't had the change yet to get out there and play some tennis or pickleball, you definitely need to. For all of the golfers out there, the golf course continues to be in great shape as well. Chef Bob and his team continue to put out the best food in town. If you haven't been out to the club lately, come see us and enjoy the amenities here with your friends and family.

Talking with many of you around the club, I keep hearing there are so many people that you don't recognize anymore when you use the dining room, pool or look at the tee sheet. We continue to keep growing and I don't see that stopping anytime soon. So please reach out to those you don't know and introduce yourself to them and welcome them to the club. We have a great group of members here.

I would like to thank all of you for all you do for your fellow members and the staff here at the club. All of you are what makes this a great place to come to and enjoy time here with your friends and families. As always, if you have any issues with anything, need to voice your concern about something, would like to give praise to something or someone, my door is always open. I hope all of you enjoy this place as much as I do.

Respectfully,

Bryson Hotchkiss

RACQUET SPORTS

PHEW, summer is here and wow, hot, hot, hot! Luckily, the upcoming forecast after a few weeks looks more favorable with cooler weather. Even with the high temperatures, I find myself each morning heading into work with a feeling of excitement. The reason being our newly resurfaced tennis courts - which were really an eyesore over the past eighteen plus months - are now in great shape. Another reason for my being excited is knowing that whenever members and their guests walk onto the courts they immediately know these are the best courts in Sheridan. I express my sincere gratitude to our General Manager, Bryson Hotchkiss, for his truly appreciated support. His working with upper management made this project possible. The resurfacing is among several upgrades being done to the property, including the pool and surrounding areas.

The resurfacing could not have come at a better time as I have since seen a large increase in the number of tennis players and pickleball players so far this season. As the polo families and vacationers are in residence, court use further increases and this is why we are asking members and their guests to make reservation through the club's website for tennis and pickleball.

We just completed our annual two weeks kids summer camp which was well attended and very successful. On July 15 we held the yearly tournament for the polo players. Each summer they alternate between tennis and pickleball, this year was pickleball.

If you have not been by the tennis courts, come and enjoy the facilities. Wishing you a fun summer here at The Powder Horn!
